

section, HCFA calculates the criteria as follows:

(1) *Updating process.* HCFA updates the national and regional number of discharges using the latest available data for levels of admissions or discharges or both.

(2) *Source of data.* In making the calculations described in paragraph (h)(1) of this section, HCFA uses the most recent hospital admissions or discharge data available.

(3) *Annual notice.* HCFA sets forth the national and regional criteria in the annual notice of prospective payment rates published under § 412.8(b). These criteria are compared to an applying hospital's number of discharges for its most recently completed cost reporting period in determining if the hospital qualifies for referral center status for cost reporting periods beginning on or after October 1 of the Federal fiscal year to which the notice applies.

(4) *Applicability of criteria to HCFA review of referral center status.* For purposes of the triennial review of a referral center's status as described in paragraph (f) of this section, the referral center's number of discharges for its most recently completed cost reporting period is evaluated using the appropriate discharge criteria published in the annual notice of prospective payment rates.

§ 412.98 Special treatment: Christian Science Sanatoria.

(a) *General rule.* If a Christian Science Sanatorium is not excluded from the prospective payment systems under subpart B of this part, HCFA pays, for inpatient hospital services furnished to a beneficiary by that sanatorium, a predetermined fixed amount per discharge based on the sanatorium's historical inpatient operating costs per discharge.

(b) *Prospective payment rates.* For cost reporting periods beginning on or after October 1, 1983, the sanatorium's prospective payment rate for inpatient operating costs equals the amount that would constitute the sanatorium's tar-

get amount under § 413.40(c)(4) of this chapter if the institution were subject to the rate of increase ceiling specified in § 413.40 of this chapter instead of the prospective payment systems. This amount is not adjusted for the DRG weighting factor.

(c) *Outlier payments.* A Christian Science sanatorium is not eligible for outlier payments under subpart F of this part.

§ 412.100 Special treatment: Renal transplantation centers.

(a) *Adjustments for renal transplantation centers.* (1) HCFA adjusts the prospective payment rates for inpatient operating costs determined under subparts D and E of this part for hospitals approved as renal transplantation centers (described at §§ 405.2170 and 405.2171 of this chapter) to remove the estimated net expenses associated with kidney acquisition.

(2) Kidney acquisition costs are treated apart from the prospective payment rate for inpatient operating costs, and payment to the hospital is adjusted in each reporting period to reflect an amount necessary to compensate the hospital for reasonable expenses of kidney acquisition.

(b) *Costs of kidney acquisition.* Expenses recognized under this section include costs of acquiring a kidney, from a live donor or a cadaver, irrespective of whether the kidney was obtained by the hospital or through an organ procurement agency. These costs include—

(1) Tissue typing, including tissue typing furnished by independent laboratories;

(2) Donor and recipient evaluation;

(3) Other costs associated with excising kidneys, such as donor general routine and special care services;

(4) Operating room and other inpatient ancillary services applicable to the donor;

(5) Preservation and perfusion costs;

(6) Charges for registration of recipient with a kidney transplant registry;

(7) Surgeons' fees for excising cadaver kidneys;

(8) Transportation;
